

Hope 4 Athletes

April 2021 Newsletter

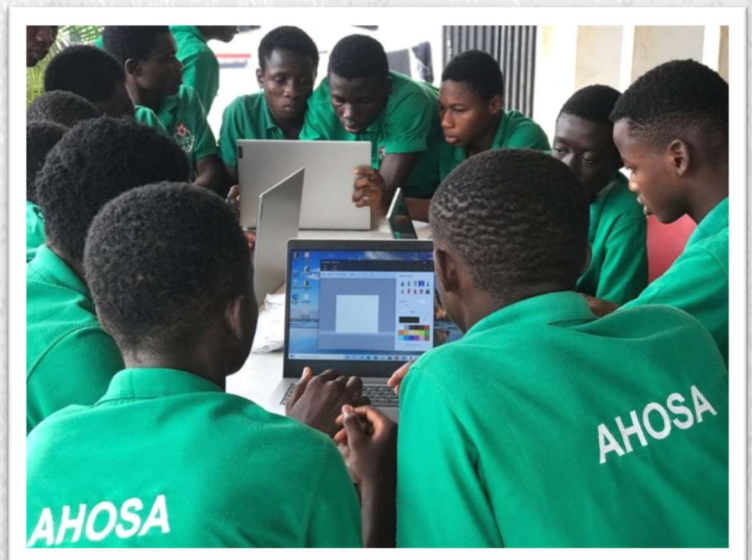

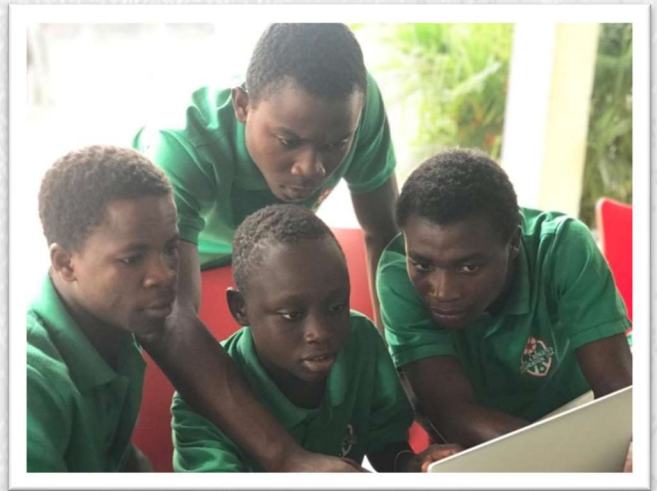

To God be the Glory!

Dear friends of Hope 4 Athletes,

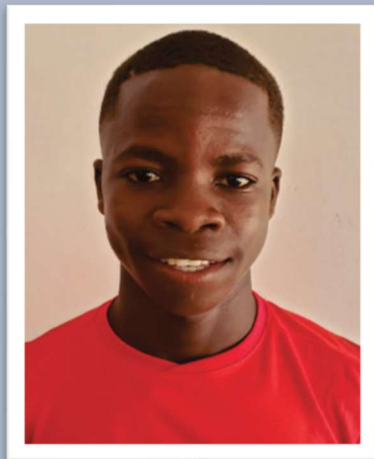

The boys have been attending church each Sunday, and studying the Bible is part of their weekly routine. Mr. Antwi visited the boys again this month. He taught them and worshiped with them through song. Praise God that the boys are learning more about him each day!

School is exciting for the boys as well, and they love attending. The boys in secondary school are specifically enjoying the change that has come as they moved up a level. You can see them studying in the photos using the new laptops they were given this year.

The boys are improving each day in soccer as well. Training and games are going well. The boys had four matches this month. The first match was a draw, 1 to 1. The second match was 9 to 1, with 7 boys scoring. The third match was one 2 to 1. The team lost the fourth match 1 to 0.

Student-Athlete of the Month: Simon Quashie

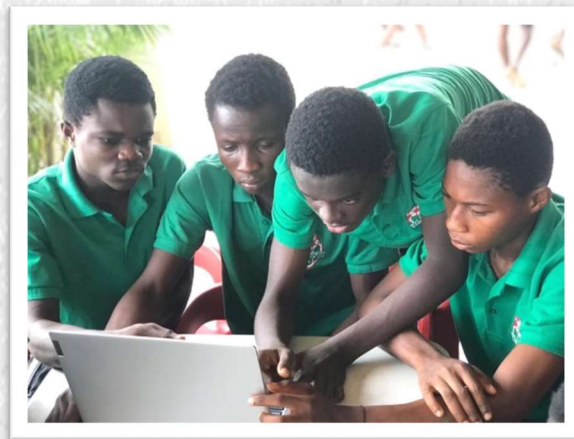

The Student-Athlete of the Month is awarded to Simon Quashie for his improvement on the soccer field and helpfulness in training. Thank you for your hard work and respectful nature each day!

This month, three of the boys received medical attention. Otoo Prince was feeling cold and had a headache and body weakness, so he was rushed to the hospital and admitted for a night. The doctor gave him medicine and discharged him the next morning. Later, Abdul Hakeem Nasir had the same symptoms and was also attended by the doctor. Praise God that both are healed and have even been able to join training again.

Kyei Tony needs prayer. He is receiving treatment after a severe headache and stomach pains.

- ❖ Praise God for his continued provision.
- ❖ Continue to thank God for Mr. Antwi and to pray for his work.
- ❖ Pray for more sponsors for each of the boys.
- ❖ Pray for the physical health of the boys who had medical needs this month and for the health of all the boys in the future.
