

Hope 4 Athletes

February 2021 Newsletter

Dear friends of Hope 4 Athletes,

We again thank you for your prayers and commitment to Hope 4 Athletes. God has been good during even the difficult months through the pandemic. The boys have grown in many ways and are happy to be back to school and back on the soccer field.

The boys have been attending church every Sunday to worship God together. Mr. Antwi will be visiting the boys each month as well to teach a Bible study. He visited in February, speaking to them about relationships in the world and creation. He prayed with the boys and gave them a blessing.

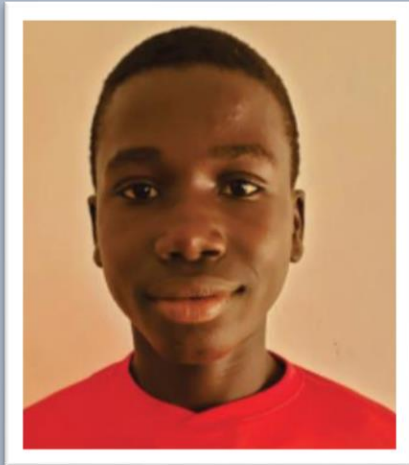

All the oldest boys have been admitted to their secondary schools, excepting Agyei Enoch who is still waiting for admission. The following boys were admitted to Asamankese Senior High School: Agyei Prince and Jehosaphat Anim-Larbi. Adu James, Azaglo Daniel, Asare Prince Astu, and Theophilus Boateng will be attending St. Thomas Senior High School. Praise God for their admittance!

The boys studying this month in school. They are glad to be back!

Student-Athlete of the Month: Adu James

The Student-Athlete of the Month is awarded to Adu James! Congratulations!

James was recognized for his calm and respectful nature. He is committed to time, is never late to training, and always does his chores on time. Thank you for your dedication!

In soccer training, the boys are learning to work together better. They are growing as a team and have specifically been improving their passing skills. In February, they played a game against Oda Y.M.B. FC, winning 3 to 1. Frimpong Anthony, Ibrahim Mohammed, and Kpodo Henry scored the goals. Great work!
