

Hope 4 Athletes

March 2021 Newsletter

Dear friends of Hope 4 Athletes,

The boys are in the swing of school and soccer. They are learning new things and growing quickly as young boys do! Thank you for supporting them as they learn more about God and improve their education.

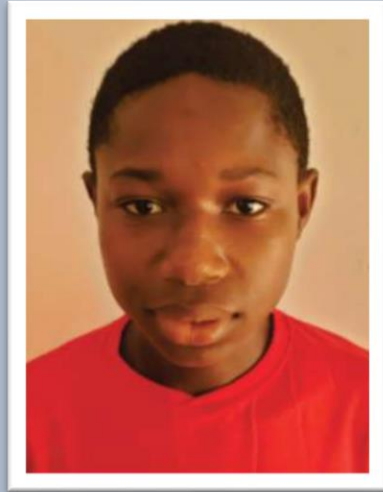

Mr. Antwi visited the boys again on March 13th. He spoke to the boys about obeying God's commandments and respecting their elders. He prayed with them as well. Mr. Antwi has also been calling to check up on the boys through the month. He will return in April to teach the boys. We are so thankful God has provided someone to further lead the boys spiritually.

In soccer training, the boys are doing a great job in training and games. They are getting more and more confident on the field, and each time they play, their skills show on the field. On March 20th, the boys played against Vidalco FC. They travelled to Akwatia for the game and tied the match 1:1.

The boys heading to school and studying in the house! They look great in their collared H4A shirts!

Student-Athlete of the Month: Azaglo Daniel

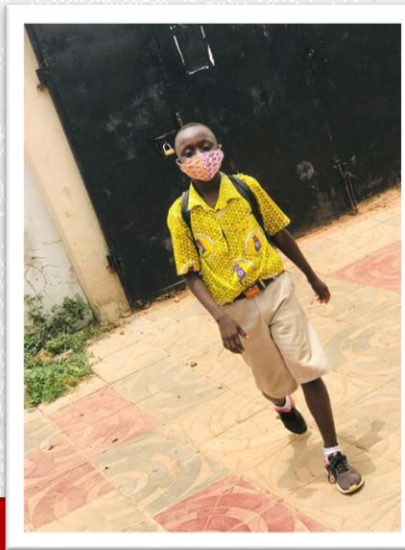

The Student-Athlete of the Month is awarded to Azaglo Daniel!

He was recognized for his dedication to his Bible, his hard work in the house, and his calm and obedient nature.

Congratulations!

The house acquired new mosquito nets for the windows to prevent mosquitos from entering the house after the old ones spoiled. The boys need nets for their beds, however. Would you be interested in donating money for these nets? Please contact us!

We are eager to meet in Chattanooga again as pandemic regulations lessen. Please continue to pray that more people learn about the foundation and tell your friends about us too!

- ❖ Praise God that the boys are back in school and playing soccer again.
- ❖ Thank God for Mr. Antwi and pray for the Holy Spirit to work through his teaching each month.
- ❖ Pray for more people to learn about the foundation.
- ❖ Pray for the boys to work hard in their studies and stay healthy.

Do you have questions, ideas, or want to become more involved?
